Attended Keystone Conference. Spoke to a district 39 committee member about literature and a committee meeting on book distribution at the open house. Awaiting a reply from LCCF about changing the commitment back to Monday. Requested a text blast for the committee meeting. Made several inquiries about a potential website for corrections committee members in all of the districts we serve. District 59 chair stepped down, Ruth (vice-chair) stepped in. She is going to contact SEAA to see if they have website experience. Possibly ordering literature from Amazon to supply facilities that require this method. No one showed up at the open house for the committee meeting. Would like to hold a corrections committee discussion and distribute literature every first Wednesday of the month 5:00p - 7:00p. Possibly developing a computer program for the corrections committee.
